Manitou MTA 519

- Maximum Lift Height: 19'1"
- Maximum Lift Capacity: 5,500 lbs.
- Maximum Outreach: 11'2"
- Overall Height: 6'4"
- Overall Width: 5'11"
- Operator Comfort with A/C and Heat

The Manitou MTA 519 Telehandler delivers impressive lifting performance in a compact, easy-to-maneuver package. Its compact footprint allows access through narrow openings and congested work areas, while compatibility with standard skid steer attachments adds exceptional versatility for a wide range of construction, landscaping, and material handling applications. Built for power, maneuverability, and operator comfort, the MTA 519 is ready to tackle demanding jobs every day.
